

Notice of Intent to Destroy Records

Attention Parents/Guardians, Former Students, Eligible (Adult) Students:

Special Education records which have been collected by the Wylie Independent School District (WISD) related to the identification, evaluation, educational placement, or the provision of Special Education in the district, must be maintained under state and federal laws for a period of five (5) years after Special Education services have ended for the student. Special Education services end when the student no longer is eligible for services, graduates, completes his or her educational program at age 22, or moves from the district.

This notification is to inform parents/guardians and former students of WISD's intent to destroy the Special Education records of students who are no longer receiving Special Education services as of the end of the 2013 - 2014 school year or prior school years. These records will be destroyed in accordance with state law unless the parent/guardian or eligible (adult) student notifies the school district otherwise on or before July 31, 2019.

After five years, the records are no longer useful to the district, but they may be useful to the parent/guardian or former student in applying for Social Security benefits, rehabilitation services, college entrance, etc. The parent/guardian or eligible (adult) student may request the records in writing or in person at the following address:
